

Assembly Instructions For The End Table & Coffee Table

Parts List:

Table Top (1)

Leg Assembly (1)

Hardware:

1/4" x 2" Bolts (2)

Allen Wrench (1)

Step 1 Lay out and identify all the parts and pieces.

Step 2 Lay the top upside down on a clean surface.

Step 3 Take the leg assembly and line up the holes on top of the legs with the holes on one end of the 1"x2" braces on the bottom of the table top. The leg assembly fits inside the 1"x2" braces. Put the 2" bolts through the holes in the leg assembly from the inside out, and through the threaded inserts in the brace. Tighten with the Allen wrench. (Do not overtighten the bolts or the table will not fold up). The 1"x1" brace on the other end of the legs latches inside the brace on the bottom of the table.
