

Window Box Attachment Instructions

Step 1: Take the screw out of the cleat located on the back of the window box.
See Photo 1

Step 2: Place the cleat onto your desired location with the angled side up and the flat side facing towards you. **See Photo 2**

Step 3: Attach using all the screws provided with the window box. **See Photo 3**

Step 4: Place the box over the cleat. **See photo 4**

Now you are ready to plant. This cleat allows for easy removal and longevity.
